Greeting Sarah!

My daughter, Christine O'Connell, who lives in Minneapolis held a fund-raiser in Donal's name, and had two possible charities, one providing support to families who are undergoing cancer treatment, the other LFWA!

Here is the link that tells all!

I am copying Christine since she is doing the thank you's.

I am so glad Donal's memory lives on in your meetings, we all miss him so much,

best, Kathy

Hi Kathy,

We just received a whole bunch of donations which we are assuming are in Donal's memory. At first we were mystified at why we were getting so many donations when we weren't running a campaign. But Maurie put two and two together and connected them to Donal. Later we confirmed this when received one in the mail from Priscilla Ahmed that said it was it was in his honor.

Thank you so much for organizing this. Just so you know - we think of Donal all the time and his name comes up at almost every board meeting. It's still hard to run an event and not see him ride up on his bike in that outrageous neon jacket.

I'm copying a list of the donors in case you need it.

Thanks again,

Best,
Sarah
